## VIR TÚ REALITY

West Coast wellness concepts have made their way across the continent and found a home at **Vir Tú** in Washington Township, New Jersey—containing, most notably, the first and only Satori Space by Prescription Audio rooms in the area. Take a seat on the reclined leather chair in one of two private listening spaces, snuggle up with a chenille throw and reset with 30 minutes of raindrop-filled vibrational sound therapy. You'll leave feeling energized and refreshed, ready for pomegranate-infusion facial peels, aromatherapy salt scrubs and specialty pedicures with fresh-fruit footbaths. 239 Hurffville Cross Keys Road, Sewell, NJ; [virtu4u.com](http://virtu4u.com)
